

Count that cash fast
And you know I'm smoking big gas bags
Hit stacks of big ass cash backs
Don't come to Chiraq you're better off in Baghdad
Where the fuck is the money, let me get that
Everyday designer, but it's mismatched
Where that Reese money 'cause we need that
Ain't see you on yo block, but we gon' be back

I got big knots, in my balmain
I be balling, like a ball game
Get to sparking, no talking
Chopper in the bag, make the mall rain
Bitch its chief so, where the beef go?
Talking like you 'bout it, where your teeth go
I got the heat though, for niggas trickos
Stack blue cheese up, like they Pringles

Count that cash fast
And you know I'm smoking big gas bags
Hit stacks of big ass cash backs
Don't come to Chiraq, you're better off in Baghdad
Where the fuck is the money, let me get that
Everyday designer but it's mismatched
Where that Reese money 'cause we need that
Ain't see you on yo block, but we gon' be back

Hop in a switch up
Commit a pick up
I'm in a foreign truck, getting my dick sucked
New louies, come take a picture
Commit a touchdown, from a kick-up
2 3 finna stick up, how your stick-up?
How your funds up, how your quick-up?
When its time for the hit uh, don't catch the hiccups
You ain't really 'bout it, give that stick-up

Count that cash fast
Ain't no smoking big gas bags
Hit stacks of big ass cash backs
Don't come to Chiraq you're better off in Baghdad
Where the fuck is the money, let me get that
Everyday designer, but it's mismatched
Where that Reese money 'cause we need that
Ain't see you on yo block, but we gon' be back
