

# Drank Head

Chief Keef

I'm a real drank head  
Real drank head [x6]  
Remember when Tech used to come in a car  
Remember Actavis came with a double seal  
And I had just poured me a 12 of Wock  
You can keep the Qualitest all to yourself  
Cause nigga I'm a real drank head, real drank head  
You ain't sipping drank, that shit head  
Hoes in my car, asking me for a cup, that's his bitch  
I should've known she didn't sip drink when she said "Qualitest is better th  
an Actavis"  
I called cuban for 12 pints of Wock, any other nigga better know that he's t  
axing shit

It's payday everyday  
You ain't tryna fuck, bitch, skate  
Can't come through, ball and no chain  
Adios, knock 'em back to 5th grade  
And what I'm sippin' on a milkshake  
I'm sharper than a switchblade  
All hundreds on me, but I'm on a rampage  
My ice kicking ass, no MMA  
Yeah, I'm sippin' hard  
I just poured a 12, you be pouring 4's  
You be sipping yellow, you be sipping green  
That shit deadly, you need to stick to weed  
I got 20 pints up in my closet  
They gon' be down for the week up  
This bitch got up in my car  
Told the bitch put on a seatbelt  
She steady asking how to lift the seat up  
Had the nerve to ask me for a lean cup  
Where your ass was at for the re-up?  
The drank just hit with me a prenup  
Bang, bang

I'm a real drank head

I'm up in Houston where this shit came from  
Didn't know about bank accounts, I went and made one  
You got red in here, get away from my dope  
This bitch too damn playful, spilled drank on my clothes  
Love no thotties, I don't  
Hopped out of a Rhino  
Your life fugazi, you need to undo

Backspace, typeover  
Drank made me go, "I need you" (need you)  
If it ain't purple then I can't see you (see you)  
Bitch just text me saying "I'm gon' free you when I see you"  
I'm a well known nigga, you a Dr. Doolittle  
I'm sipping on beetlejuice  
Call my camera man, it's a photoshoot  
Me and 20 pints, I pour them by the 2  
Bang, bang
