

## Get It

Chief Keef

I ain't even tripping girl I get it  
I'm a throw this money while you get it  
You say you want this money, come and get it  
I throw this shit up cause I get it  
Call a friend up, tell 'em get it  
I'm a fuck around, come and get it  
She gon' see me in this big building  
That's when she gon' learn a nigga get it

When I was 16 I knew something  
That's when I knew I had to get it  
Fuck that lyin' no, ask you somethin'  
Let my dogs out on ya, let 'em get it (bang)  
Nigga do something, move something  
I'm in a strip club, still stuntin'  
Ten thousand on a futon  
I'm Margiela walking, oh yeah  
I'm in a strip club throwin benjis  
They let us in this bitch with the semi  
I fuck around and I start defendin'  
I fuck around and pipe out a belly  
I fuck around and platinum on my semis  
I fuck around and platinum not an Emmy  
And my chopper hit the folks I call 'em Jimmy  
Make it sway through your block don't let it empty

I ain't even tripping girl I get it  
I'm a throw this money while you get it  
You say you want this money, come and get it  
I throw this shit up cause I get it  
Call your friend up, tell 'em get it  
I'm a fuck around, come and get it  
She gon' see me in this big building  
That's when she gon' learn a nigga get it

I done fell in love with foreign whips  
I done got used to foreign trips  
I done went to Paris for some coats (Louis)  
Come and get it if you want some smoke  
Baby call your friend tell her slide up  
Me and this bitch throwing racks all night  
We see the pressure from the engine of the pipe  
All of this bitch lookin' flyer than a kite  
Hit a nigga bitch tell her come over  
She see it's me on every fuckin' poster  
And on my whip [?]  
I don't really let the bitch chauffeur  
I'm pourin' more pints than a doctor  
Tell 'em hold the motherfuckin' boxers  
[?] gun just smokin' like a rasta  
Get it at the same time with my partner

I ain't even tripping girl I get it  
I'm a throw this money while you get it  
You say you want this money, come and get it  
I throw this shit up cause I get it  
Call your friend up, tell 'em get it

I'm a fuck around, come and get it  
She gon' see me in this big building  
That's when she gon' learn a nigga get it
