

It's More

Chief Keef

For Blood I pour out a 5th, keep on pourin' the shit
In the club standing on the couches, enjoying the shit
She want all of this dick, I give her majority of the dick
Baby I gotta get all this money, need all of the shit
But there's more to this shit, girl it's more to this shit
Girl it's more to this shit [x2] Baby
It's more to this shit [x3]

All I see green, green, nothing in between
No brown, no white, all I see green
All I see green, love broccoli I eat beans
And I smoke trees, so high like I eat leaves
Aye I roll off with that gwap, like "Beep Beep"
You don't got it like me but yo bitch like Chief Keef
She say she love me, then I leave with my cleats
I know I was driving but I was running up the streets
I walked up in the club, they don't need to see my ID
I ain't got no patience, don't need to see my IV
I picked up some paper tryna see where that's gon' lead
I walked up out the office with a check on 1, 2, 3, 3

For Blood I pour out a 5th, keep on pourin the shit
In the club standing on the couches enjoying the shit
She want all of this dick, I give her majority of the dick
Baby I gotta get all this money, need all of the shit
But there's more to this shit, girl it's more to this shit
Girl it's more to this shit [x2] Baby
It's more to this shit [x3]

I see blue, blue, no I don't see you
All I see is blue, is that Blue's clues?
If you cross the red, red, shots up in yo head
Ya dead, ya dead, just like my dead presidents
I pulled them Ben Franklins up out my pocket
I know I'm so icy I got my rocket
I gave my tech to ya'll, you know I T-Mac'd it
I took it back a while, this T-Mac spit magic
Hop out that clean, with green, shiny like Oil Sheen
Spraying shit like Mousse, Rudolph where you going?
I'm the king, I'm Mufasa with some wings
I want some Wokcano, I don't want chicken wings

For Blood I pour out a 5th, keep on pourin the shit
In the club standing on the couches enjoying the shit
She want all of this dick, I give her majority of the dick
Baby I gotta get all this money, need all of the shit
But there's more to this shit, girl it's more to this shit
Girl it's more to this shit [x2] Baby
It's more to this shit [x3]
