Keep That

Chief Keef

(KE on the track... Beat mechanics)
GBE baby
Bang bang, bang bang
Bang bang, bang bang
Bang bang
Bang, bang

What you gon' see is what you gon' get, aye
I'm on the way to pick up my bitch, and
My side bitch said she wants a kid, damn
I'll have to flunk her, she failed the exam
She like when I hit it back
She got some kick back
She seen me in Maybach and
She starts to get wet
I said I would be back
She do not see that
She wants relationships
That bitch can keep that

Just give me some of that na na
You can't meet my mama
Death before dishonor
Back in the water, piraña
I'm a need a camera
I am the inventor
Bow down I'm Simba
Car faster than a panther
Bitch look like Amber
Riding 'round with them members
I don't even wanna fuck her
How am I gon' tell her
Riding 'round with this green
Bitch with me, she yellow
Give me top at the stoplight
That's a red light special, baby

What you gon' see is what you gon' get, aye
I'm on the way to pick up my bitch, and
My side bitch said she wants a kid, damn
I had to flunk her, she failed the exam
She like when I hit it back
She got some kick back
She seen me in Maybach
She starts to get wet
I said I would be back
She do not see that
She wants relationships
That bitch can keep that

(Run and pick that sack up)
We don't need no backup
(Shooters trailing in the 'Llac truck)
Flaming out that pack now
Gotta get my sack up
Just landed on Saturn
(Just got a new batch and

Send me my back end)
Bop out, bop back in
(Foreign car finna back in
Bad bitch on the side of me, her ass fat and her tracks in)
Louie flops when I'm cracking
Roll the dope, it ain't passing
Hail Mary, I catch it
(Hellcat, can't catch it)

What you gon' see is what you gon' get, aye
I'm on the way to pick up my bitch, and
My side bitch said she wants a kid, damn
I had to flunk her, she failed the exam
She like when I hit it back
She got some kick back
She seen me in Maybach
She starts to get wet
I said I would be back
She do not see that
She wants relationships
That bitch can keep that
