I sell, I ship, I bag, I seal
I swag, that Gucci, that Louie, for real
Big knots in my Balmain's, it is
The thing under this Louie, it kills
I sell (that dope)
I bag, I seal, I swag (that Gucci)
The Louie, for real, big knots (I got in my)
Balmain's, it is the thing (that's up under)
This Louie, it kills, bang

So high up off this dope, I need a parachute
I'm in this Bentley coupe, it's filled with residue
I got my dawgs with me and now I let them loose
Tell the cops lies, 'cause I can't tell the truth
I'm rocking Louie sandals, my son got on Louie pampers
So many Gucci sandals, my house smell like Gucci candles Smoking thoinky oinky, you know I got that thoinky on me
Smoking thoinky oinky, you know I got that thoinky on me

You can't hate me now, I'm in foreign cars
She used to hate me now, now she wanna fuck
It's only one way from down, bitch I'm going up
I got the dope and it's in my Louie backpack
In a sportscar, racing to the racks
Keep on hating on me, you not doing that bad
I'm in this M truck, the plates say fast
