

Layaway

Chief Keef

Want you in double Gs
AMG in these streets
Get no sleep
Fuck her roommate

Just give me the fat pockets and the fat estates
Let the smoke go in the air and let it fade away
I'm 'a put a billion dollars on layaway
Told the devil catch up that nigga mayonnaise

Got swag
Got spots
Got jocks
Got blocks
Red eye
12 o'clock
I'm in the sky
Goin' far
300 hoes just pink sleeves
Momma told me succeed
Tarzan, I'm climbing trees
They don't want you in double Gs
They don't want you in AMG
Momma don't want me in these streets
The hustle don't want me to get no sleep
My bitch don't want me to fuck her roommate
It ain't us if it ain't on fleek
They don't want you to rock bling bling
They don't want you to ride in foreigners
Don't want you to have endorsements

Just give me the fat pockets and the fat estates
Let the smoke go in the air and let it fade away
I'm 'a put a billion dollars on layaway
Told the devil catch up that nigga mayonnaise

Just give me the fat pockets and the fat estates
Let the smoke go in the air and let it fade away
I'm 'a put a billion dollars on layaway
Told the devil catch up that nigga mayonnaise

Bury me with a lot of money
I'm might go to heaven, buy some Gucci shoes
I love my niggas they get rid of you
We them niggas that they're livin' through
Bitches fiendin' we gon' give it to 'em
Feel like Smokey in the chicken coop
Still trapping out the living room
Headshot you get the biggest wound
I been ridin' in the Phantom
Pussy nigga, can't stand em
Know some shooters and some scammers
TMZ I'm on camera
Aye you know I'm with some fine hoes
Niggas wanting to know where the time go
Put that nigga in a blindfold
Fuck you think I did the crime for

Diamonds on the floor
Breakin' down a 4
Split it with my bros
She got pink toes
She fucking up her nose
And I got the Oz
Where you wanna go

Just give me the fat pockets and the fat estates
Let the smoke go in the air and let it fade away
I'm 'a put a billion dollars on layaway
Told the devil catch up that nigga mayonnaise

Just give me the fat pockets and the fat estates
