

Everything in the dark comes to light  
Pull up in my car, hop out feeling right  
Niggas ain't right let me live my life  
Before I pull this pistol out and end your life  
She said she wanna have fun, but I wanna have funds  
If it's about that money you know I wanna have some  
Just seen the judge still ride with guns  
Just got some money still gotta get some

Just seen the plug so I'm ridin' with pounds  
If it's about that money you know I'm down to get down  
Just seen mama hit her with 10 thousand  
I told her this money go on go ride around  
0 to 1000 I'ma make it count  
If I gotta go public houses and break it down  
[?] see ya with that money they gon take you down  
Come out with them pistols up and lay you down  
Pull up on your block and knock it down  
Where your coke boy? You know my chopper down  
I just hit these streets and lock it down  
Can't no locksmith unlock it now  
[?] party pull up pop it down  
These niggas already know how I get down

Everything in the dark comes to light  
Pull up in my car, hop out feeling right  
Niggas ain't right let me live my life  
Before I pull this pistol out and end your life  
She said she wanna have fun, but I wanna have funds  
If it's about that money you know I wanna have some  
Just seen the judge still ride with guns  
Just got some money still gotta get some

Niggas already know how we come  
Them bullets go re run  
And then we run  
Right to our car  
And we gone  
Let's play ping pong  
With these ninas  
I got 30 in my nina  
[?] ring the alarm  
And it's full of [?]  
Best bitch delete ya  
Niggas want a feature  
I need 15 bud  
You got it then here we come  
Blink ya eyes bitch we speeding  
I ain't speaking bitch I'm money bleeding  
Check out my veins it got money in them  
Check out my brain it got nothing in it  
I smoke too many loud blunts, I think I'm gon end it

Everything in the dark comes to light  
Pull up in my car, hop out feeling right  
Niggas ain't right let me live my life  
Before I pull this pistol out and end your life
