

## Still

Chief Keef

I'm still ridin' with my Glock  
I'm still ridin' with my block  
I'm still plottin' on the top  
Bitches still plottin' on my guap  
Niggas still plottin' on my spot  
My niggas still in the field where it's hot  
Still smokin' when the judge told me not  
And I still got these streets on lock

Still ridin' with my pole, still don't trust a soul  
Still ridin' with my Rolls, still don't trust these hoes  
Still love me some bankrolls, I don't love these hoes  
Still gotta hit the bank right before he close  
Still steppin' steel to steel, cops come, then I go  
Still flexin' when a bitch ask me somethin', like did I know?  
Still ridin' through the opps on L like GI Joe  
Still sendin' shots at cops, that's in my B-I-O  
Little niggas in the field with the steel  
I'm a little nigga but I am full of steel  
You's a little nigga, you can't chill, you gon' squeal  
Niggas still rollin' for Chief Sosa, 18 wheels  
2Pac gone but it's fuck the world still  
I ain't got no condom on, I'ma fuck the world still  
Pull up on your thot, she gon', I'ma call that girl still  
Then she gave me top and I ain't call that girl still  
But I'm still

I'm still ridin' with my Glock  
I'm still ridin' with my block  
I'm still plottin' on the top  
Bitches still plottin' on my guap  
Niggas still plottin' on my spot  
My niggas still in the field where it's hot  
Still smokin' when the judge told me not  
And I still got these streets on lock

Stealin' still with a steel, got a 30 in my steel  
Nigga steerin' the wheel  
Mayweather, Holyfield with the steel  
Come through and knock a nigga off his motherfuckin' hill  
Like Jack and Jill I'm still at the top  
Knockin' niggas off the motherfuckin' hill  
I done got me a big ass stomach  
Like Hank I'm the king of the motherfuckin' hill  
Still, still, still, still, steal me steal with the peel  
Peel with the steel, go through a nigga block, get a kill and a kill  
On the road, makin' deals, and my little nigga still  
Pullin' up, doin' drills  
And my old bitch say she still, still, fuck with me still  
Say she in love with me still  
She say she would still put trust in me still  
She say she would still fuck with me still  
These niggas still ain't comparin' to little  
Y'all still some little niggas  
Still with my whoa-we-wish-you-would, nigga  
Still Black Disciple, nigga  
I'm still where I was

I'm still ridin' with my Glock  
I'm still ridin' with my block  
I'm still plottin' on the top  
Bitches still plottin' on my guap  
Niggas still plottin' on my spot  
My niggas still in the field where it's hot  
Still smokin' when the judge told me not  
And I still got these streets on lock
