

Time Up

Chief Keef

I gotta get my racks up, I gotta get my back rubbed
I need to get my hoes up, I need to get my rolls up
Need to get in a hot tub, with 'bout 5 thots
And 'bout 5 women, with 'bout 5 guns
Gotta get it no matter what, gotta make my mind up
Gotta make my mama proud, that's who get my love
Put in a swisher 5 dubs
Gotta glo on these niggas, light bulbs
You got your time but it can be time up

You ain't fucking on yo bitch, I was
You ain't counting on a million, I done
Smoking dope with this [?]
Gotta a thot selling dope and I told the cops I was
Cause I don't give no fuck, aye
This Breitling I got cost 33 puffs
This life that I got cost 33 nuts, aye
This chain that I got cost me fucking 20
And I'm only 18 with this money
I spend it, make it back
She top me, I break it back
Look like a new model, so I bring that sack
Gave Kay Kay 2 thousand dollars every time she cried

I gotta get my racks up, I gotta get my back rubbed
I need to get my hoes up, I need to get my rolls up
Need to get in a hot tub, with 'bout 5 thots
And 'bout 5 women, with 'bout 5 guns
Gotta get it no matter what, gotta make my mind up
Gotta make my mama proud, that's who get my love
Put in a swisher 5 dubs
Gotta glo on these niggas, light bulbs
You got your time but it can be time up

Take 5 dubs, put it in a Swisher, don't pass that shit
Light it up, light it up, light it up, then ash that shit
All these bitches on my dick cause I get a lil pass and shit
When I ain't had nothing, where they ass had went
I don't know, only thing I know they around for my dough
But they time's up, I fuck 'em then fire 'em
And she thought she was getting a chance, she was flying down
I'm off these Xanax
Smoking on some damn thrax
Thinking 'bout Ben Franklin
But he in a better place and...

I gotta get my racks up, I gotta get my back rubbed
I need to get my hoes up, I need to get my rolls up
Need to get in a hot tub, with 'bout 5 thots
And 'bout 5 women, with 'bout 5 guns
Gotta get it no matter what, gotta make my mind up
Gotta make my mama proud, that's who get my love
Put in a swisher 5 dubs
Gotta glo on these niggas, light bulbs
You got your time but it can be time up
