

## Wake Up

Chief Keef

When I wake up up in the morning I brush my teeth  
When I wake up up in the morning I'm countin G's  
When I wake up in the morning Kay Kay over me  
You want beef? better warm it cause my pole with me  
When I wake up I'm glad to see another day  
You wanna play? Let my choppa spray  
Pull up on homie like andale  
I ain't got no time to conversate

When I wake up up in the morning I'm on the dough  
Get my check then I'm out the door  
You ain't talm bout a check then its time to go  
Rambo with these 9's and these foes  
Chirag where you find me at  
Big house where my drugs be at  
On me where my gun be at  
So you better not try me jack  
On me where my baby at  
On me where your lady at  
On me where my K be at  
I'm never lonely I'm a spray your ass

When I wake up up in the morning I brush my teeth  
When I wake up up in the morning I'm countin G's  
When I wake up in the morning Kay Kay over me  
You want beef? better warm it cause my pole with me  
When I wake up I'm glad to see another day  
You wanna play? Let my choppa spray  
Pull up on homie like andale  
I ain't got no time to conversate

Say I got cash on my head  
She say she want cash and I laughed  
Say I got the cash on my act  
Try to take my cash your ass grass  
They say you got respect with the tec  
That's why I got the tec on my "S"  
Its like I got a "S" on my chest  
Cause I got a "M" on my whip  
Put that bitch on "M" your ass cooked  
Taking off on him hoe I look  
They heard I got them "M's" I want billions  
So I can have some "M's" for my children

When I wake up up in the morning I brush my teeth  
When I wake up up in the morning I'm countin G's  
When I wake up in the morning Kay Kay over me  
You want beef? better warm it cause my pole with me  
When I wake up I'm glad to see another day  
You wanna play? Let my choppa spray  
Pull up on homie like andale  
I ain't got no time to conversate

When I wake up up in the morning I brush my teeth  
When I wake up up in the morning I'm countin G's  
When I wake up in the morning Kay Kay over me
