

Wet

Chief Keef

I get a nigga wet, get a bitch wet
I get a nigga wet, and I get a bitch wet
Say I get a nigga wet, and I get a bitch wet
And I get a nigga wet, and I get a nitch wet
If that nigga act up, then he gettin' wet
And that bitch she wanna fuck, cause she gettin' wet
If that nigga act up, then he gettin' wet
I say that bitch she wanna fuck, cause she gettin' wet

And that's wet and that's that
I just bought a new click-clack, and it's wet
And if wet means this that fucking 30
It's that fucking thing with 30 in it
Click-clack let that fuckin' 30 bang
My thot said she be havin' wet dreams
I'm somewhere dreaming sippin' on a pint
You think you rollin' cause you sippin' on a K
Who that there? It's a bird it's a plane
Pull up on the curb and then I slang
Now I got keys to the Phantom
Now I got some keys to my mansion
She wanna fuck me cause she say she wet
I'm smokin' lovely feel like I'm the best
Boy disrespect me you gon' get wet
I'm flexin' on niggas like Ben Frank

I get a nigga wet, get a bitch wet
I get a nigga wet, and I get a bitch wet
Say I get a nigga wet, and I get a bitch wet
And I get a nigga wet, and I get a nitch wet
If that nigga act up, then he gettin' wet
And that bitch she wanna fuck, cause she gettin' wet
If that nigga act up, then he gettin' wet
I say that bitch she wanna fuck, cause she gettin' wet

I done got my dope wet, where the dope at
Don't want my old hoes back, where the hoes at
Where the thots at, I got the thot pack
It's a gamble with your life, where my pot at
He don't want to get wet, what kind of shit is that
Nina gonna get you wet, cause she made for that
Run up in yo house wet
A young nigga from the projects
That bitch ask where I'm going, I said to the top
That bitch ask what I'm doing, I said getting gwap
That bitch wanna know too much, she wanna know my spot
She wanna know where I hang out, she wanna count my gwap
But she can't cause I don't trust no one
I got my gun I ain't for no one
What you wet bitch, wanna know where I'm at bitch
I got trust issues right along with my gat bitch
