

Awake

Chiiild

Yeah

Meet me in the bedroom, lay there awake
I've been thinking 'bout this thing here all week
One night could feel like four days (Yeah)
Meet me in the bedroom, lay there awake

Time slows down when you pull up to the venue (Uh)
Michelin star crib and my body's on the menu
VIP treatment, giving you the chef's special
'Cause I still get butterflies daily, like the first day that I
met you (Met you, ooh, ooh)
I got a dilemma (Dilemma)
Whenevers (Whenevers)
We're not together
If you're tryna be the Nelly to my Kelly, pull up on me
No pressure, sir

Meet me in the bedroom, lay there awake
I've been thinking 'bout this thing here all week (Got me thinking 'bout this thing, woah)
One night could feel like four days (Yeah, yeah, oh)
Meet me in the bedroom, lay there awake

Ooh-ooh, ooh-ooh, ooh
Ooh-ooh, ooh, ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh
Ooh-ooh, ooh, ooh
Ooh, ooh, ooh, ooh
Meet me in the bedroom, lay there awake (Yeah)

You've been feeling distant (Yeah)
We're omitting our natural fixes
Your body's the mission
Tunnel vision on nights like these (Nights like these, yeah)
Yeah (Nights like these, yeah)
I know you work hard
Hardly working on yourself
(Won't you) Let go of your stress
Lay back (Lay back)
Lay back, decompress

Meet me in the bedroom, lay there awake
I've been thinking 'bout this thing here all week
One night could feel like four days
Meet me in the bedroom, lay there awake
