

# Good For Now

Chiild

Tell me that we're dreaming  
Don't say that we're in love, uh  
Whatever this is, it's good for now

At night we've been restless  
You say that we're destined  
I say you're just caught in the moment  
When you're close, I get reckless  
Laying in the wreckage  
I can stay for breakfast, yeah (Can stay for breakfast)  
A month goes by and I put my guard down  
You hit me blind, girl, don't start now  
It's obvious that I'm falling for you

Tell me that we're dreaming  
Don't say that we're in love, uh  
Whatever this is, it's good for now (Ooh, yeah)  
Tell me that we're dreaming  
Don't say that we're in love, uh  
Whatever this is, it's good for now (Good for now)

Ooh-ooh-ooh, ooh-ooh-ooh, for now  
Ooh-ooh-ooh, ooh-ooh-ooh, ooh  
Ooh-ooh-ooh, ooh-ooh-ooh, good for now

Lost in your reality  
Hope you find me in your fantasy (Fantasy)  
Too far when you're away from me (From me)  
This your call, I won't just let it ring  
Through the fire for your clarity  
And though you're mad at me, hard feelings and tragedy  
Feelings are bad for me, oh, bad for me  
I end up shattering all  
I stay even if it changes

Tell me that we're dreaming  
Don't say that we're in love (Love)  
Whatever this is, it's good for now (Tell me that we're dreaming)  
Tell me that we're dreaming  
Don't say that we're in love  
Whatever this is, it's good for now (Good for now)

Ooh-ooh-ooh, ooh-ooh-ooh, for now  
Ooh-ooh-ooh, ooh-ooh-ooh, ooh  
Ooh-ooh-ooh, ooh-ooh-ooh, good for now

Tell me that we're dreaming  
Don't say that we're in love, uh  
Whatever this is, it's good for now  
Yeah, it's good for now
