

Hiding In Plain Sight

Chiiild

I never gave you a reason to doubt me
But you don't know the first thing about me
And if you had a lock to safekeep it
I know that you'd hear me

If you offer me up a safe passage
Then I could show you a map through my eyelids
I've been running away to where my mind lays
On an island

Oh

I'm living a lie on the surface
But under the light, I'm nervous
So don't read my mind
I'm hiding in plain sight
I'm hiding in plain sight
I'm hiding in plain sight

I'll take you places that you've never dreamed of
Lay out the pieces for you to discover
But if you try to read my mind, you'll be wrong every time
Are you down?
Are you down?
Are you down?

I'm living a lie on the surface
But under the light, I'm nervous
So don't read my mind
I'm hiding in plain sight

I'm living a lie on the surface
But under the light, I'm nervous
So don't read my mind
I'm hiding in plain sight
I'm hiding in plain sight
I'm hiding in plain sight

Had an idea
I should let go
Of the noise that I follow
My mind was boxed in
It could stretch though
From my street to Soweto

'Cause I know
Pressure made this diamond life
In the perfect timing right
Pain that hit like violence, I
Don't need no reminding
