CHIKA

Hm-hm-hm, hmm, hmm  
La, da-da-da, da, da-da-da-da, da-daa

I've been watching you across the room  
I wanna dance, a dance (A dance)  
It's a tug of war for your time  
Baby, you're so damn fine  
Look so good (So good)  
So good  
You don't see it all as a sign  
Pour some more of your wine  
Yeah, you should  
You should (Yeah)

I'm always in the position  
Of sipping my drink, tryna make a decision  
Of how I can shoot my damn shot with precision  
I swear that it's harder than what I envisioned  
'Cause mama got ass for days  
But hold herself well, she got class for days  
Walk in the room and got niggas consumed  
Now they all rushing home to go mastur-  
Wait, I'm talking my shit (Sheesh)  
She like the sun  
It's how you feel when you stunned  
It's how you feel when you won  
Yes, I'm a hopeless romantic  
But don't think I'm manic when saying I think you the one (I think you the o  
ne)  
Tryna get cuffed or just looking for fun?  
I'll take you up on it  
But total disclosure, I'm tryna get closer  
So mama, just wish me good luck on it (Yeah)  
Wish me good luck on it

I've been watching you across the room  
I wanna dance, a dance (A dance)  
Girl, the way you move, it taunts me  
Please excuse my hands, my hands  
It's a tug of war for your time  
Baby, you're so damn fine, look so good (Look so good)  
So good  
You don't see it all as a sign  
Pour some more of your wine  
Yeah, you should (Yeah, you should)  
You should (You should)

I'm in the market for somebody I can talk with  
Got pictures inside of lockets  
And care less about my pockets  
I know that I can ride on my own  
And I got time, I can blow  
If you'd be down for a show, then listen up  
'Cause I been 'round the block  
My eyes been on the clock (Eyes been on the clock)  
I've tried my best to stop, but I know what I want  
I fall in love with constants (I fall in love with constants)

Girl, that's you (That's you)  
I need a rider, I'll be your provider  
Taken by your outer, but I see inside you  
We can keep it private, they don't know about us  
Take you to an island, they'll be fine without us  
You been on my mind and I get so excited  
When I see you smiling  
Know it's been a while since  
You done had a rest  
Lay your head upon my chest

I've been watching you across the room  
I wanna dance, a dance (A dance, yeah, yeah)  
Girl, the way you move, it taunts me  
Please excuse my hands, my hands  
It's a tug of war for your time  
Baby, you're so damn fine, look so good (Look so good)
