

## A Little Time

Chikinki

I know its best if I keep away  
Too late! I went and did it anyway  
And your late night eyes are shining suddenly all the while  
And I'm glad 'cause I know a way to make you smile  
The evening's over. You won't let me know

Can I spend a little time with you?  
I want to spend a little time with you  
You think the things I say are true  
I'm going to lie, lie over you  
I'm going to spend a little time with you  
And never ever go home  
I'll never leave you alone

It seems like everything is going well  
A free ride on your mystery carousel  
But my ride is free there's no one making me be with you  
So please stay, so I know that you're wanting to  
There's no one left now I won't let you go

Can I spend a little time with you?  
I want to spend a little time with you  
You think the things I say are true  
I'm going to lie, lie over you  
I'm going to spend a little time with you  
I want to spend a little time with you  
You think the things I say are true  
I'm going to lie, lie over you  
I'm going to spend a little time with you  
And never ever go home
