

## Pound Cake

Childish Gambino

Let 'em speak, I know I'm meek but the mils louder  
Watch the throne, kings kill when the prince feels power  
It's the real deal, Holyfield, holy shit, holy grail  
Silver spoon coon, young buffoon, yeah, they know me well  
I'm makin' moves, couldn't lose, doin' Parker Lewis  
Hot on my own, self-immolate, I could be a Buddhist  
Hot on my own, check your tone, check your stance homie  
You don't even like me, you just tryna get my fans homie  
So nerdy but the flow wordy  
Brain-freezin' with the flow slurpie  
Ice cold but you know I burn cash like I had herpes  
Not true, but I'm that dirty  
Niggas quit bein' hot man, cold turkey  
While I'm out in Kauai, man, soul searchin'  
And these niggas be afraid and I'm so certain  
Cause they don't know what to do when the world's broken  
A lot of people try and go and talk shit but your girl stops me on the street  
Like it's stop and frisk and a bunch of DDots wanna talk a lot of shit  
But that's cool cause in the real world they really don't exist  
It's all because the internet  
Chance made millions, Haim made millions  
Dan made millions, Kendrick made millions  
I would too if I wasn't in my feelings

You know, cause like, people say money's not everything  
But money, you need money to do what you wanna do  
Like money is power, honesty is power, truth is power  
But at the same time they tell you like

Ain't nothin' more important than the mula  
You ain't really eatin' boy, you gotta get your food up  
We so steady eatin' baby, you already know that  
The way I'm droppin' newshit, I'm sittin' on the toilet  
Every night I tour that, moment  
But we don't take pictures, when you're rich you just see it again  
The only thing they really worry about is me and the pen  
Wrote some shit on Instagram, I'm just bein' honest  
They tried to give your boy pills like I'm bein' violent  
They tried to give your boy pills just to keep him silent  
Keep tellin' people the truth, you could be iconic  
They tried to give your boy pills, like "he's scarin' us"  
Try to stay inside, I don't really like appearances  
I try to stay inside, but they still got something to say  
"Are you still on the show? Are you dating Jhené?"  
It's deeper than that  
Calico inside the handbag, I'm keepin' the cat  
I got some niggas in reserve like I'm deep in Iraq  
And I'm deep in the rap, and it's deeper than rap  
This is deeper than rap
