

# We're Not Gonna Fall

Children of Bodom

Woah yeow

They try kicking and screaming as loud  
Contation break us apart  
Will not control us they won't hold you down  
I'm sorry, that's my knife in you!  
Another day of falling down your way  
Pushing and screaming cause  
They thought it might be right

Hey

Take my hand and fly  
Will you ever be that tall  
Don't you be afraid  
We're not gonna fall

Did you think  
I'd let you mix it up  
Give me a reason bitch  
You're gonna fuck it up

Hey

Take my hand and fly  
Will you ever be that tall  
Don't you be afraid  
We're not gonna fall

Hey

Do you believe in what we've got  
Try it, take your one shot  
We stand once and for all  
We're not gonna fall

Well you thought you had the authority  
To slay and kill the minority  
Together we stand tall  
Not gonna crash, not gonna fall

Did you think I'd let you mix it up  
Give me a reason bitch  
I'm gonna fuck you up  
It's real, into the charge

At the end we're standing up
