Bagzy, it's ChillinIt, fuckin', um... look, man  
I've been talking about what we were saying the other night  
And just, everyone's in my ear at the moment with this album, bro  
They're telling me, we gotta do it like this, we gotta do it like that  
We have to put it out this way  
Do more hooks and do less of this  
And all that shit, and just... man, I've decided, fuck it  
I'm just do this run it up track, I'm gonna do it my way  
Like, I'm not gonna do it  
The way everyone's telling me how to do it  
'Cause that's what's got us this far and we're a family  
So we don't give a fuck, man, we're just gonna do it  
So give me a call back  
And I'm gonna come to the studio ASAP, alright?  
And fuckin', make sure you organise bud this time, cunt, haha  
Peace, brah

Bagzy, it's fuckin' me again, brah  
I don't know why you're dodging my calls  
But can you please get back to me?  
And don't get that same bud, bro, I don't want that Chinese bud  
Aight? Please, get me some of Kute's  
Get me some of the nice-  
Call up Kute or somethin', even get Trill to organise some shit  
And just get it into the studio for me  
Because I'm comin' up to do this track  
And we're fuckin' off the hook  
And we just goin' go bars on bars, so  
Please call me back, cunt  
Peace
