ChillinIT

I got ten bad bees in the cut and we all fucked up off Henny and reefer  
It's 10k for this feature, still pop your thot like Becky and Keisha  
At a hotel, smoked on a L, now the whole hotel's like Lebanese Shisha  
Bad B in Chanel, she wanna kick back, but my breddahs on FIFA

Slide, moonwalk, Billie Jean limousine spliff, with a chick from the Phillip  
ines  
Listen please, why too raw, that's Biggie dreams  
Stripper tease, drop it to the floor then finish me, right?  
Right, boy, you're a mini-me  
I could make your chick do Woi like Digga D  
No vacay, hit it like a Ray J  
Make it rain, AJ, bust down with a bit of weed  
I'll be on the ends with the vinyl  
I don't got a scheme, but my friend got rifles  
I don't got a gun, but brother's got one  
In the rap game, money and your friends are your rivals  
Fuck that, prolly wanna aim for your vitals  
Prolly why the trends break net on the virals  
Better than me? Pfft, fuckin' please  
Brother, you are better in denial  
Take a breath and then hold it  
The great protect just got golded  
Pay your debt and then solve it  
Baby, I break the sesh and then roll it, fold it  
Drip like Gunna when I spit, my brother  
I could hit him with a budda that'll kick, my bruddah  
Montana, that's French off the rip, my bruddah  
That's a Cali import in the spliff, my bruddah  
Bruddah  
To the chest like benchpress, black range with a TV headset  
So check, check got money and C.R.E.A.M. next cheque  
Never get rest, but runnin' till no breath left  
Just ask me, just start me  
I was gettin' drunk at the bar like Barney, my brothers like Lenny and Carl,  
wreckin' the bar  
When I shred 'em apart they like, "Brah, you nasty"  
Emcee spitter get a 10G figure 'cause the currency and money added, Abu Dhab  
i  
I press these limits and I get these hitters, I got brothers with the rubber  
going vroom right past me  
All my fellas in Bugatti's and they could get you if you harm me  
That's why she goes woof when I pop smoke, so, baby, welcome to the party

Tell a bro I don't need me a stick, I got money from my brothers and my G's  
on a lick, like  
I be on the street with your chick, all the women that I'm with, they wanna  
Gigi Hadid, like  
Tell him I could sleep with his bitch, I could fuck her with a rubber then I  
'll creep through the crib like  
I be on the street with your chick, all the women that I'm with, they wanna  
Gigi Hadid

Because I'm a real one (Real one)  
Protect your word, respect is earned, neglectin' her  
The whole squad smoke chron' on the sesh and herb  
We left the girl for money to invest in worth  
But right now I'm in the cut with the Nate Dogg rap  
Livin' life Vice City, tell 'em Jay Rock's back  
In the kitchen whippin' chicken like I take off tracks  
Gimme loyalty, loyalty like K Dot's back, uh  
Fuck life, I feel like love died, the feelings unrivalled  
I may pop Valium to drown out pain  
I'm lost without name, the braid is untitled, I'm K Dot's album  
My brother pop off, my brother, I'm top dog  
My brother, I'm what, what like I'm K Dot bouncin'  
My brother lock off, my brother, I cop lots  
I'm money trees to bitches now, I break off thousands
