I was talking cocaine to caffeine, broke days to black tea  
Trips out to London making money, fuck the vaccine  
Trips to the dealer, pay the brother double back G  
Trips to the gym, getting muscle for the backstreets  
Urgh, watch the stock price rise with the dip and curve  
Chart lines moving my eyes got the visions blurred  
Juicy, Unbelievable, like they the Biggie words  
Weed prove sky ain't the limit, this the Biggie herb

Rolling 'round my city in that black van  
Window - tinted so nobody know that that man, bitch hoe  
Heard he keep it on me like he Batman, bitch no please  
Hold it lord, pass it back, hold it more

Peekaboo, turn the TV off and let me hold the door  
Peekaboo, girl so electric and I'm bulking on the plant  
So we looking like we Pikachu and Bulbasaur  
Peekaboo, best friend stay strong, catch em all  
My brother's Brock, another fact, we been back and more  
Real talk, I got chronic for the pain, girl  
Bring it to the office in the day

Stopped by the Po' and I laugh 'cause there's nothing they can say
