ChillinIT

I'm still young with a lot to learn
We earn stripes the way we burn mics we turned life to something we g

I'm non stop when I drop this is hip hop constant work
I had dreams when I dropped this verse
From couch surfin' to concierge
Had a dream I was never the same and then I walked down memory lane

Be real my story might buzz
We live within a fucked up world that loves to see youth to glorify d
rugs
I did shows to 4 or 5 cunts
Didn't make coin but shut down the set then sold the whole tour in 4
or 5 months
Now cunts all mad they 45 plus and they still doing sets for 4 or 5 h
