

# Run Up The Ball

ChillinIT

From the field to the good that's rugby  
So we both run balls way harder  
Step on the field when I'm dressed all black with a ball that's Daniel Carter  
Kicked you a goal cuz I'm way too smarter  
All these other brothers got me feelin' like a father  
They don't mean nada  
If footy doesn't work then we gotta sleep cunts like Tai Tuivasa

Bruh we told these cunts what we stand for  
Now the whole scene all sounds corny  
And my boy don't smoke on the gram  
But he spin you the word with a ball like Warney

If we talking bout' cricket then it's kinda hard for me to find the bars but  
when I light the spark  
All the ladies wanna come around and bat me off like Michael Clarke so Imma  
give it to em  
I don't fox the car they can't catch ya front row chopped in half I'm Scott  
salter  
Yeah, I pass the ball the squads at ya bang bang knock ya door it's like rap  
tor  
And if I ever said I grabbed a gun I'll be a gammy cunt but trust me when I'  
ve had enough  
It's like my first names Dylan and I play for the doggies from the way that  
I'll nap a cunt, ahh  
You're nervous got em all hurting 6 foot tall in the front I'm George Burges  
s  
When I hop on a track I put the work in but when they hop on a track it ain'  
t workin'  
Cokehead and the weed they're both urgent Big Mac when I'm on track I flip b  
urgers  
And if it kicks off one things certain they call me Johnathan from the way t  
hat I be first in

Your girl look like a dropped pie like someone says your mate not mine  
That shacked on my LG one time still 420 fam on the front line  
They already know 4300 with the 420 boys that we're always down to go  
If they wanna put it up to the boys fuckin' oath we'd be capable of things t  
hat you wouldn't wanna know  
Deadsetter mate you're dead deader you're pathetic you done play with a dog  
you're like ennis  
Like letters when I count up the dosh it's like tennis when I serve MC on a  
squash it's like venom  
These rappers really need to pick a path I brush up like it's fifth and last  
I'm on some other shit  
You see these pussies wanna act like they're running it until you see their  
balls hit the ground like a grubber kick

"Now it's away from Feeny here and Sherwin intercepted Girdler have the old  
legs got the pace he's in front by 5 they're coming at him Pattens after him  
El Masri's after him Girdler makes it Girdler pulls out every ounce of stam  
ina he's done his hammy mate"

But I don't really want no drama, I just want a big roll of cash g  
Big rocks under the armour and my lefts kick back El Masri can't catch me  
Roll up one then I burn though kick off the tee can't match me

Lis on the wing with a ball like Fergo  
I got signed I'm a star I'm Virgo  
Who me on the wing? Nah fuck that  
Get me in the middle and I bet they won't run back  
They be talking smoke but I bet they don't want that off that  
Who the fuck with a lamearse I got hits that'll take em out the game brus  
Only player outta Brisbane City that's making noise in this game and I'm feeling like Payne Haas

When the smokes out know that it's on you pop smoke in the night when I'm on ya  
Six boys like Jona Lomu the back of the van and they're all gunna bomb ya  
I dropped 10 racks on a pontoon and my side chick know where the bongs are  
Spend nights in her brand new castle cause I slide step fields like Ponga  
You wanna get real go get you an Oscar

They ain't making money like me impostor sickest in the game and I need to see a doctor  
They will never prosper tryin' to get away nah fulla I gotcha  
Put em on the ground and I'll stomp on his fuckin' head like

Spent a million a year on purple  
Made a million a year full circle  
But I'm still out the back like Virgil a man be immortal I'm like Clive Churchill

Footy bars I can tell that they want more block plays when I'm running through the front door  
Chill put me in a track now he's got me hitting like I'm angry that the ref made the wrong call

Run up the ball, but I don't play rugby  
Run up the, run up the, run up the  
Run up the ball, but I don't play rugby  
Hahahaha... another one...
