

## Ballad

Chilliwack

Let us now unwind, girl  
Let us now unwind  
We make love so fine, girl  
So fine, so fine

Rise up now, yes I mean it  
And talk with me a while  
'Cause now's the time  
I really love your smile  
I really love your smile

Come and dance to the sound  
Of our feet upon the ground

And now we're soon together  
It wouldn't hurt to part  
I'll feel you even stronger in my heart  
Oh yeah, oh yeah

Come and dance to the sound  
Of our feet upon the ground

Come and dance to the sound  
Of our feet upon the ground
