

Chain Train

Chilliwack

I don't wanna see my lifetime a-wasting away
Wanna see, wanna do, wanna feel before my day
Living ain't what they said, so many people dead and dying
Yet they're walking round like zombies, crying

Hey, wake up, brother zombies
Get up on your feet
Suck some air into your lungs
'Cause dying can be beaten for a while

Shock the chain, jog your brain
Shake the chain train

People going round, spreading mind pollution
If you wanna survive, everyone has got to find a solution
So you wanna stay alive, my friend
You've gotta get involved to the end of the line
If you satisfy your mind, everything will be fine

Hey, wake up, brother zombies
Get up on your feet
Suck some air into your lungs
'Cause dying can be beaten for a while

Shock the chain, jog your brain
Shake the chain train
