

Changing Reels

Chilliwack

Round and around and around and around
Swing your lady round and around
Swing her up and swing her down
Round and around and around and around

Round and around and around and around
The whole world is a-swinging around
Hanging out in a one man town
Round and around and around and around

Get that feeling, hear that sound
Swing your partner round and around
Swing her up and swing her down
Round and around and around and around

Round and round
Round and round
Round and

Round and around
Swing your lady round
Swing her up and down
Round and around and around
And around and around

There's a wheel and it's wandering freely
There's a reeler, spinning on its way
And there's a feeling, it's from the window reel
Changing with the wandering wheel
Rolling freely with the feel
Going round and round and round
So we're changing reels as we're changing feels
Going round and round and round
We're changing reels as we're changing feels
As we hear the sound, round and round
Wheeling, feeling the whole world
As we're swinging round, round and round
Following feeling, even upside down
Going round and round and round
And round and round and around
And around and around and around
And around and around and around
And around and around and around
And around and around and around

Feeling changes, feeling changes
Feeling changes, feeling changes
