

Hit Him With Another Egg

Chilliwack

Hit him with another egg
Hit him with another egg, oh boy
Hit him with another egg
Don't you let him get away, no no
Well I've been away so long
That's why I sing this song
Wack, wack, wack is something I lack
And I won't be here for long
I can't sit around for long
I've gotta be moving on

Listen to the mother egg
Egg an egg and let her heart break
Listen to the mother egg
Please, my maker made me sing it, yeah
Well I've been egging so long
That's why I sing this song
Egg an egg and then you'll never get away
And you never sleep here for long
You can't sit around for long
You've gotta be moving on

Hit him with another egg
Hit him with another egg, oh boy
Hit him with another egg
Don't you let him get away, no no
Well I've been away so long
That's why I sing this song
Wack, wack, wack is something I lack
And I won't be here for long
I can't sit around for long
I've gotta be moving on, yeah
