

Hot Winds

Chilliwack

Hot winds, blow on me
Blow me down to the sea
Keep me company so easily
Just blow, blow, blow
Blow, blow, blow
Blow, blow, blow on me

Lay me down, lay me down
Lay me down, lay me down anywhere
I, I just don't care, ooh, ooh

Well I've been to the city
And I've been to the country too
And I can tell you, don't matter much where I am
It seems to matter more what I do
You can go, go, go, go, go, go, go
And I know, I know, know, know
You'll be free, yeah you can see

So lay me down, lay me down
Lay me down, lay me down anywhere
I, I just don't care, ooh, ooh anywhere

So lay me down, lay me down
Lay me down, lay me down anywhere
I just don't care, I just don't care
I just don't care, care, care, care
I just don't care, care, care, no
I just don't care, I just don't care
