

I Got You Fixed

Chilliwack

Hey you, you think you've been living
Hey you, you think you've been giving
Ah, you ain't done dancing all your life

Hey you, you think I look funny
Hey you, I don't look for my money
I've got you fixed

Have you ever let yourself unwind with those people
You never thought could be friends?
Well shut up your mouth or put up your hands
By the way, I've got you fixed

Have you ever let yourself unwind with those people
You never thought could be friends?
Well shut up your mouth or put up your hands
By the way, I've got you fixed
Yeah I've got you fixed
Hey, I've got you fixed
