

## Last Time

Chilliwack

Oh the sky is grey on a stormy day and the ragged clouds go by  
Broken pieces of my life  
Well the wind can howl and the wind can blow those clouds out o  
f the sky  
Time to put it all to right

Here in the month of May, how did I reach today  
How did I lose those dreams of mine  
Oh I remember well, how we planned it all  
Now I can really tell we just talked a good game  
Oh I guess I didn't know myself so well  
And that's the last time I'll get caught like that again

It's the last time I'll play dead  
It's the last time I'll lose my head  
It's the last time I'll forget the things I know

Now I go my own way, feels like a brighter day  
Now I don't have to be what I could never be  
And to those friends of mine, it's been a long long time  
How can I thank you for believing in me

Oh, I guess I oughta know my way by now  
And that's the last time I'll get caught like that again

It's the last time I'll play dead  
It's the last time I'll lose my head  
It's the last time for feelin' low  
It's the last time

Now I go my own way  
Spread your wings and sail away  
Baby it's the last time  
I know it's the last time  
Baby it's the last time
