Rosie

Chilliwack

Oh Rosie, go lightly, that's my head you're stepping on
Can't you see I really feel the squeeze?
Tell me something's wrong, something's wrong
But please, it would delight me if you loosened up your home
There are things that we could do, we could see
But the world is only open to the free

Rosie, what's wrong? Oh Rosie
Be strong and tell me, won't you tell me?

Yeah it's true, the world is open to the free
But to everybody else, it seems so cruel
Seems the only thing to do is to flee

Rosie, what's wrong? Rosie, oh Rosie
Be strong and tell me, won't you tell me?
My little Rosie, please, Rosie

Yeah it's true, the world is open to the free
But to everybody else, it seems so cruel
Seems the only thing to do is to flee

Rosie, what's wrong? Oh Rosie
Be strong and tell me, ooh won't you tell me?
Ooh my little Rosie, Rosie, won't you tell me?
Rosie, we can both be free
