

No Mercy

Chimaira

Wide awake bleeding on the inside doubt
The consequences feelings internal holocaust, blast
Reach for the gun and put it to their heads
The uncontrollable appetite to kill the pain
Where is your god now? where is your faith?
Reach for the gun and put it to their heads
Force them out the voice is pulling me away

No more lies no more goddamn Hollywood vampires
Suck it dry, suck it dry no mercy for the heartless
No more lies no more goddamn Hollywood vampires
Suck it dry, suck it dry no mercy for the heartless

Reach for the gun and put it to their heads
It is a beautiful day to die, it is a beautiful day to die
Kill the pain (kill the pain), kill the pain (kill the pain)
Kill the pain, rip their hearts out
Kill the pain (kill the pain), kill the pain (kill the pain)
Kill the pain, rip their hearts out

No more lies no more goddamn Hollywood vampires
Suck it dry, suck it dry no mercy for the heartless
No more lies no more goddamn Hollywood vampires
Suck it dry, suck it dry no mercy for the heartless

Separate ?
Just walk, just walk away
Now
