

Yesterday

Chin Up, Kid

If you don't like the way I act then you can get back in line
I don't need your okay for me to see that it's fine
I won't say sorry for the feelings that I have deep inside
I'm gonna say my farewell so I can take back what's mine
You thought that things would be the same
But this wasn't a game for me
Your intentions were such a shame
I can't believe that we got this way

I wanna go where I haven't been
I wanna go till it all falls in
Times that I try and I don't succeed
I'm always making the best of these
Don't try and lead this dream astray
We can't go back to yesterday
Through all the ups and downs I've faced
I know this road is the only way

I was never gonna find a way, I was never gonna find a way
Holding on to everything you said, holding on to what you say
The time it takes to bite your tongue is a lesson never learned by some

I wanna go where I haven't been
I wanna go till it all falls in
Times that I try and I don't succeed
I'm always making the best of these
Don't try and lead this dream astray
We can't go back to yesterday
Through all the ups and downs I've faced
I know this road is the only way

I won't break my back for you
When you threw it all away
Now I'm finally taking back what's mine
Can't go back to yesterday

I won't let this go
It's all that I know
It's all that I know
I won't let this go
It's all that I know
It's all that I know

I never thought that you would waste my time
I never thought you'd make me lose my mind
Cause I let you in
Cause I let you in
I never thought that you would waste my time
I never thought you'd make me lose my mind
Cause I let you in
It won't happen again
I never thought that you would waste my time
I never thought you'd make me lose my mind
Cause I let you in
Cause I let you in
I never thought that you would waste my time
I never thought you'd make me lose my mind

Cause I let you in
It won't happen again
