

# Electronic Apology

China Anne McClain

Here you go calling my phone  
With another lie I ain't interested in  
Pretty tire of give and take and tries  
Then watching you do the same thing again

Sick of the apologies, don't waste your energy  
This is gonna end right now  
Nothing you can say is gonna make it okay  
Te-tell me, can you hear me now?

You're breakin' up, up, up  
Don't wanna hear another digital lie  
I'm so fed up, up, up  
Not another generical cry

I've had enough, nuff, nuff  
I won't hear excuses this time  
We're breakin' up, up, up  
I can't hear you, my phone's 'bout to die

Maybe you should think twice  
'Fore picking up your device  
And giving another sorry electronic apology

(Oh, oh, oh, oh, oh)  
Tell me, can you hear me now?  
(Oh, oh, oh, oh, oh)  
Yeah, I bet you can hear me now

D-d-did I stutter, boy, it's over  
I'm done playin' these games  
You chose the wrong girl to play  
You must not remember my name

So stop with all the texting  
I'm on to the next one  
might as well give it up  
Nothing that you do is gonna make it cool  
Oh, oh, your minutes are up

You're breakin' up, up, up  
Don't wanna hear another digital lie  
I'm so fed up, up, up  
Not another generical cry

I've had enough, nuff, nuff  
I won't hear excuses this time  
We're breakin' up, up, up  
Can't hear you, my phone's 'bout to die

Maybe you should think twice  
'Fore picking up your device  
And giving another sorry electronic apology

(Oh, oh, oh, oh, oh)  
T-tell me, can you hear me now?  
(Oh, oh, oh, oh, oh)

Yeah, I bet you can hear me now

No, this is not the way I saw this ending  
But I'm not going any longer pretending  
That you're something that you never were  
No, I won't be rejecteed  
This number you have reached been disconnect, oh

Maybe you should think twice  
'Fore picking up your device  
And giving another sorry electronic apology

(Oh, oh, oh, oh, oh)  
T-tell can you hear me now?  
(Oh, oh, oh, oh, oh)  
Yeah, I bet you can hear me now

Maybe you should think twice  
'Fore picking up your device  
And giving another sorry electronic apology

(Oh, oh, oh, oh, oh)  
C-can you, can you hear me now?  
(Oh, oh, oh, oh, oh)  
Yeah, I bet you can hear me

We're breakin' up, up, up  
I've had enough  
Oh, oh, oh, oh, oh, oh
