

# Pose

China Anne McClain

Put your hands up, hands up  
(Life is just a crazy ride)  
Put your hands up, hands up  
(Dance, dance, dance)

I wanna reach this sky tonight  
I wanna breathe it in  
Just like a rollercoaster ride  
Don't wanna see it end

Through the storm, through the rain  
Life is just a crazy game  
We dance until we go insane  
No pain, no gain

Put your hands up, hands down  
Now turn around  
When you hear that sound, you gotta stop and pose  
(Yeah)  
Let go tonight  
Two steps to the right  
Turn around, that's right, you gotta stop and pose

We'll have 'em screamin' "more"  
You know life's on the dance floor  
So just forgive and forget  
Put your hands up, hands up  
(Life is just a crazy ride)  
Put your hands up, hands up  
(Dance, dance, dance)

I found a crazy photograph of you and me  
And now I'm through with being mad, it's history

Through the storm, through the rain  
You and I, this crazy game  
Dance until we go insane  
No pain, no gain

Put your hands up, hands down  
Now turn around  
When you hear that sound, you gotta stop and pose  
(Yeah)  
Let go tonight  
Two steps to the right  
Turn around, that's right, you gotta stop and pose

We'll have 'em screamin' "more"  
You know life's on the dance floor  
So just forgive and forget  
Put your hands up, hands up  
(Dance, dance, dance)  
Put your hands up, hands up

You gotta crank that beat, make 'em beg for mo'  
Everybody wanna get on the dance flo'  
Gotta live your life and live original

And we all got ups and downs, you know?  
Life is just a crazy ride  
So relax and break it down tonight  
If it's rough, that's enough  
Dance, dance, dance

Put your hands up, hands up  
Put your hands up, hands up

Put your hands up, hands down  
Now turn around  
When you hear that sound, you gotta stop and pose  
(Ha!)  
Let go tonight  
Two steps to the right  
Turn around, that's right, you gotta stop and pose

We'll have 'em screamin' "more"  
You know life's on the dance floor  
So just forgive and forget  
Put your hands up, hands up  
Put your hands up, hands up  
(Dance, dance, dance)
