

## St. Saviour Square

China Crisis

No sense of pride  
No time to care  
No problem solved  
And no lesson learned

Saint Saviour Square  
And no one I know should live there  
And no one I know dare not care

No danger of work  
No work to be found  
No real incentive  
To pull this place down

Saint Saviour Square  
And no one I know should live there  
And no one I know dare not care  
Should live there and no one I know  
Dare not care and no one  
And no one I know

Idle gaze of us all  
We are so far removed  
This distance created  
Is one we all use

Saint Saviour Square  
And no one I know should live there  
And no one I know dare not care  
Should live there and no one I know  
Dare not care and no one  
And no one I know

The world knows no shame  
As we all walk away  
No hope is inspired  
No progress is made

Saint Saviour Square  
And no one I know should live there  
And no one I know dare not care  
Should live there and no one I know  
Dare not care and no one  
And no one I know
