

## To You I Give

China Crisis

Tender love i give  
To you i always will  
So happy to know your name  
So happy to play you at your game  
Met you under two years ago  
Happy tears i cry  
So happy to call your name  
So happy even in the Rain

Because it`s you i love the most  
Got a smile on my Face from coast to coast  
Don`t you agree ?  
I`m so happy you are you  
I`m so happy i am me

Not a day can go by when i`m not with you  
There`s no other way i just gotta` be with you  
Forever yours forever and a day  
We`ll always be together  
It`s got to be that way

There isn`t a place that i`d rather be  
Than with you  
It feels just like ecstasy  
Want to thank the Stars up above  
For making me like this  
And giving you your love..
