

## Anymore

Chinchilla

With only one word  
They told me you were gone  
See the blood on my skin see  
The hole in my heart  
I have tried to reach out  
For a helping hand  
Hear the warning these nights  
One time again she`s gone  
Can these feelings  
Be so wrong or right  
The end of love is far away  
When I wake up  
In the morning light  
I don't cry out your name anymore  
I spit on the mirror  
This ugly face I see  
Down in black abyss  
A morbid jealousy  
Perhaps in the future  
Begins a human race  
Without nuclear power  
For men to replace
