

Bounce Back

Chinchilla

Oh, oh, oh

Sick and tired of your double-crossed wires
Hold me back, aim, fire, this whole industry's a liar
Say it louder (This whole industry's a liar)
Say it louder (This whole industry's a liar)
I'ma do what I want now, who gonna stop me?
New kind of Maverick, bad-bitch power, ah
All bark, no bite, amateur, uh, uh

Got a whole lot of energy, even now
Liberated by the no and the blackout
Early twenties and my life slipping through the cracks

But I bounce back from the dead
Don't mourn me, burn up the crematory
On my own but I thrive like that
Never gonna drain me down with the rats
Uh, stop saying sorry
Checked out of purgatory
Like I drown, but I bounce right back (Oh)
Never gonna drain me down with the rats

File me down to the shape that you like
Tell me when, where, why, let 'em in, "Don't cry"
"Pick a genre" (This whole industry's a liar)
Fuck your genres (This whole industry's a liar)
I'm a great, I'm an icon, let bygones be bygones (Ooh)
In bed with the pythons, I'll use who I wanna
Had it coming, had it coming, anaconda

Got a whole lot of energy, even now (oh yeah)
Liberated by the no and the blackout (whoa)
Early twenties and my life slipping through the cracks (Hey, yeah)

But I bounce back from the dead
Don't mourn me, burn up the crematory
On my own but I thrive like that
Never gonna drain me down with the rats
Uh, stop saying sorry
Checked out of purgatory
Like I drown, but I bounce right back
Never gonna drain me down with the rats

From the dead
Don't mourn me, burn up the crematory
On my own, but I thrive like that (Thrive like that)
Never gonna drain me down with the rats (Woo)

Uh, stop saying sorry
Checked out of purgatory
Like I drown, but I bounce right back
Never gonna drain me down with the rats

If you hold something tightly, you'll kill it
And that's what flytraps do
And that's what flytraps do

But I bounce back
La-la-la, la-la-la, la-la-la
La-la-la, la-la-la, la-la
But I bounce back
La-la-la, la-la-la, la-la-la
La-la
But I bounce back
La-la-la, la-la-la, la-la-la
La-la-la, la-la-la, la-la
But I bounce back
La-la-la, la-la-la, la-la-la
La-la
But I bounce back
