

Know No

Chinchilla

You're disgustin' me
In the way that you move
I've told you "no" time and time again
What you tryna prove?
Get your hands off me
I'm well within my rights
I could be naked in your bed
Still entitled to decline

Let me tell you what "no" means
It's a two-letter word
N for never, O my God
I won't say it louder, you heard
You're close to the line and the line ain't blurred
No, no, no, no, no, no
And don't you call it drama
I'm standin' by my answer
See you [?] you can sway me but you never had a chance

Sorry if you're tempted but that's not my fuckin' problem
Call me temptress one more time, I'll take you for your fortune, and
I'ma run with it
Share it out to the ones who are done with it, hey
You're not smilin' now
Not so funny when it's you puttin' your foot down

(No)
Don't you know no? (No, no)
Don't you know no? (No, no)
Don't you know no? (No, no)
Not so funny when it's you puttin' your foot down (no, no)
Don't you know no? (No, no)
Don't you know no? (No, no)
Don't you know no? (No, no)
Not so funny when it's you puttin' your foot down

Now let me tell ya about "yes"
Cause you don't get the picture
Y-E-S is a sweet little mixture
Tasty, deadly, red-hot whisper
Yeah, yeah, can't quit ya
Yeah, yeah, yeah, yeah
You'll know when I'm there
But till then beware
'Cause the red light might just candle stick ya

Sorry if you're tempted but that's not my fuckin' problem
Call me temptress one more time, I'll take you for your fortune, and
I'ma run with it
Share it out to the ones who are done with it, hey
You're not smilin' now
Not so funny when it's you puttin' your foot down

(No)
Don't you know no? (No, no)
Don't you know no? (No, no)

Not so funny when it's you puttin' your foot down (no, no)
Don't you know no? (No, no)
Don't you know no? (No, no)
Don't you know no? (No, no)
Not so funny when it's you puttin' your foot down

No, I don't want your love
Won't repeat it, said it once
'Cause I've been thinking like a pit bull
Tilt my head and load my pistol
Hey, you're not smilin' now
Not so funny when it's your foot down
Don't you know no?
Call me temptress one more time

(No)
Don't you know no? (No, no)
Don't you know no? (No, no)
Don't you know no? (No, no)
