

The Lockdown Getdown

Chinchilla

And it's lockdown
Might as well get down
Lavender, lavender, lavender, lavender

Lavender on my sheets
But I still can't get to sleep
Nobody got no place to be (oh, yeah)
Stuck inside with a G and T

Had a little bit too much of my personal space
Spent a little bit too long looking at my own damn face
All day, all day
I just wanna be (where you wanna be?)
With somebody other than me

And it's lockdown, and I'm stressed out
I'ma have a breakdown, breakdown, breakdown
And it's lockdown (lockdown)
I can't get out (get out)
But I can get down, get down
Might as well get down

Fuck this
No, I'm not gonna sit in my pyjamas all day long
(Pyjamas all day long)
No, I'm not gonna talk about what Netflix show I'm on
(What Netflix show I'm on)
And I won't be baking banana bread
No, no, that's dead, gonna bounce on my bed
Gonna paint the town red in my house instead, yeah
And I'm working with the life that I've got
Everyday, won't stop, find a way, gotta keep things hot
Been flirting with my postman, yeah, I'm thriving
And I'm working with the life that I've got
Everyday, won't stop, find a way, gotta keep things hot
Don't care what's in my post, man, I'm just vibing

Lavender, lavender, lavender, lavender

Roll it out, roll it out, roll it out
So you missed your graduation?
I can paint a carpet red and put a face on
First-class-honours type of celebration
Lavender on your sheets
Let me make the best of a bad situation
When you're getting impatient, you

Had a little bit too much of your own personal space
Spent a little bit too long looking at your own damn face
All day, all day
I just wanna be (where you wanna be?)
I wanna be somebody other than me (somebody other than me)

And it's lockdown, and I'm stressed out

Ah, yeah yeah yeah
Ah, yeah, yeah
Yeah
Swipe right, but you can't even go out at night
Ah, yeah yeah yeah
