

ALL CAPP

Chingy

No grocery store but I got them greens in that bag
Not talking usher when I say I got a bad
Start trending I ain't try it but it got 'em mad
I just sit back smiling counting a lot of cash

Paid away for myself
Made a way for myself
Went right it went left
Conscious man like most def
Calculated my steps
Treated all of my whips
Press through all of my reps
Got through all of my decks

I vow that I would never lie on my life to get around nah
What you haters talking 'bout
I live this here man
We gon' keep it moving yup
And this our year fam
Hold up what you doing what you doing

I'm really living it
Real rap
But y'all lying 'bout it All Capp
