Chingy

When they ask me what's good I say Eurrthang
I done balled out baby coppin Eurrthang
No losses over here we bet Eurrthang
Been through a lot of shit I'm talking Eurrthang

Nigga fuck your trust
They hating on us worldwide I just leave them in dust
Bubblin like a motherfucker boy
Until I bust
Yeah the Earth is a plain
And I come from the crust
It's all love with me
But I know we living in lust
So that paper pussy power on me
Yeah that's a must
I remember when I used to write raps on the bus
Now I write raps in a penthouse that's plush
Me buck bam still rockin like we went J
Game change but fuck only option to stay
Revolution on its way
So I'm Coppin the K
Watching my prey
Thuggin with who's not in my way

They say time heals wounds
Universe is timeless
Go and get your goons
All y'all behavior is mindless
I'm ascendant from the sacrum
All of y'all are spineless
If you ever hated on me
Homie fuck your kindness

President
Fuck Your plan
They trying to get my little Homie Nitty on that stand
Where I'm from we don't snitch take that shit like a man
Even if that means reading day to day in the can
Peace to the inmates
Dirrty I innerstand
This whole motherfucking system
Always underhand
And these girls so caught up
Always want a man
Trust yourself baby girl
First eye upper gland

Got my fist in the air
Ready to take it there
I saw the promised land
But will I make it there
It was full of milk and honey
They say it's sacred there
I took the Apple from Eve
And I ate it there

They say time heals wounds
Universe is timeless
Go and get your goons
All y'all behavior is mindless
I'm ascendant from the sacrum
All of y'all are spineless
