

# Invincible

Chingy

I'm ready to rumble  
Crown Jewel, baby

Uh, I got a hawk's eye point of view  
What that mean?  
That means that I am Hamp Haru  
Supreme being, mathematician  
Full deck magician  
Codeleania, woke from listening to my intuition (invincible)  
Yeah, all hail where we all dwell  
History in our sails but we all fail  
Cellhouse, crying to the man and they all tell  
This verse a earthquake but nigga, on a small scale (invincible)  
Yeah, ain't like thugs, you can ask L  
Black EL, back in the day where we kaki bailed  
In them alley with Naz and Kali's young Iraq males  
On our way to see either death or them tacky jails

Invincible, lyrical  
Own that crown  
For lyrical combat  
Guess who's back  
Invincible, lyrical  
Lyrical, lyrical  
Invincible, lyrical  
Invincible, lyrical  
Own that crown  
For lyrical combat  
Guess who's back  
Invincible, lyrical  
Lyrical  
And tell your favorite rapper that I'm ready to dunk  
For real (yeah)

Uh, let go my wings  
Unattach the rail  
Hood loyal scholarship  
The knowledges are full sale  
Yeah, push the envelope and pull whales  
On the real, I am in charge on a bull scale (invincible)  
Or let the pineal, where the secret kept  
Turnin' to AK for some knowledge and I keep it kept  
Reload and load and let it go for when the reaper step  
I'm complete, this 9K, I know you see the depth (invincible)  
Death, spiritual essence, you can see the breath  
Cosmic intelligence, callin' plays, you can't see the ref'  
Yo' criticism is worse and I know you see the best  
I don't turn on, I been on so motherfucker, press
