

Rewind Time

Chingy

It's only one way and I can't switch sides
These niggas so broke and I don't kno why
I see you ain't real when I look in yo eye
Sno roll me a blunt up I wanna get high
So high up I feel like I can fly
RIP all of my niggas who died
Wish I can bring you back rewind the times
Heavy my heart cause you on my mind
We on the set got the bags on the scale
Only gone win cause we never gone fail
Don't hang wit no niggas I kno they gone tell
I rather be dead then locked up in jail
We in the spot he breaking down bells
Fuck it we still get them packs in the mail
Carry that pistol life make me not caurr
Niggas a hit you see they don't play fair

Came up on beacon whurr niggas was blooding
Fuck all that fashion they slangin and thuggin
Regals they riden and hoes no loving
Set tripping daily broad day in the public
Momma not working this shit is a struggle
Go the mask and go get a muzzle
I need my lil piece and I'm not talking puzzle
Don't respect me then lil hater it's fuck you
Faded wit riders who really be bout it
Think that I'm joking then you can see bout it
Draw down on us nah homie I doubt it
Pull up in benz, beamers and audis
Member when my auntie smoked up dope
Corner of prange pure no soap
Guess she felt she had no hope
Only resort was roc that coke
Man I swurr life like a maze
And we run in round in it like mice
Innocent people ducking them strays
Cause bullets have no love fa life
Free my relo he behind bars
Been in fa 20 and he ain't do it
Dicks they caught him up on a charge
Whatnot even him an they knew it

It's only one way and I can't switch sides
These niggas so broke and I don't kno why
I see you ain't real when I look in yo eye
Sno roll me a blunt up I wanna get high
So high up I feel like I can fly
RIP all of my niggas who died
