

No Damn Good for Me (Scarlet Intro)

Chino XL

I know why you're mad at me
Cause you're everything you wanted to be
It's terrible and sorry to see
Now you hate me cause I'm free
You're no damn good for me
You never deserved me
Now everytime I see you these days
You're in a get-a-rich-man craze
It seems to be a thirty year phase
I'd love to spit right in your face
You're no damn good for me
You told me that I'd never make it
Your momma said I'd never be shit
Now I'm touring all over the world
Your friends laughing at you and you're pissed
And that's how I know
You're no damn good for me
I should have slapped you
I feel bad for my best friend
Now he's going through the same things
Sleeping on the couch, sucks to be him
Look at that bitch and say
You're no damn good for me
