Yeah I make the doodoo face

When I pull up

Olympic gold, cold nigga, call me King Chip

She offered me a little dome and a clean whip

If you ain't seen my hood then nigga, you ain't seen shit

I know some niggas only tryna hit a clean lick

She told me I'm an asshole, she told me I'm a mess

She told me drop dead, I told her I don't take requests

I ain't tryna be your man, tryna have fun

I told her call my smartphone 'cause that ass dumb

This that real shit that you can drop that ass to

Like my attitude where ain't nobody ask you

If you ain't hip to King Chip, you don't deserve to be

Like an asshole if you ain't never heard of me

Ballin' on Rodeo, got some bitches with me too

And you know we finna smoke 'cause nigga, that's just what we do

King Chip, know I'm walkin' on rose petals

Nigga swag so hard, need a gold medal

We don't fuck with no complainin' bitches 'round here

King Chip a goddamn fuckin' savage, hoe

And makin' sense on beats is what I'm livin' lavish for

I don't trust you if you ain't never smoked no weed before

And goddamn right if you ain't fuckin' then you need to go

I'm lightweight genius and I'm highly unprofessional

I was out there servin' penis out in Mexico

I got an extra pair of bitches in my backseat

And we don't eat no Chick-fil-A or fuckin' Zaxby's

Chip tha Ripper took my woman, give her back, please

I spent about \$80,000 just on black tees

I pray to God you haters trip and fall and break your neck

I been that nigga where I come from, you must ain't go check

This a 1v1 and you gon' come in second place

If you wanna know who run this shit, then check my face
