I am not here because you're lonely
I am really him the one and only

And we're trapping at the rear roof inn
And we're trapping at the red roof inn
Trapping at the red roof inn

I'm sitting in the sauna but I'm feeling ice cold
I got 20 more minutes to go
I never been a menace but I've never been a hoe
I done got right back put my hands on dough
Can't stop nigga from grabbing checks
I'm counting money while having sex
Say you were big dog say it with your chest
If you are a big girl why are you always stressed?
All ya'll lames better stop fucking playing
Before you see King Chip on top of the game

I'm feeling updated and you probably can't hang
I don't know none of y'all niggas a thing
I'm having trouble with letting shit go
I'm smoking 10-11 blunts in a row
I guess I need you whoa
It's a full-time job trying to leave this hoe
