Psilocybin

Chip tha Ripper

I think I'm a perfect candidate
For psilocybin
I've been micro dosing now
I'm really Vibing

I put 1 foot in that water now I'm really diving
I roll up while my car is driving
And it's really driving

Floating thru life
I'm really good
Floating thru
I'm feeling good

I think I'm a perfect candidate
For psilocybin
I've been micro dosing now
I'm really Vibing

My is vibe positive
I'm a plus sign wit locs
I Live how I wanna live
I'm happy why would I stop

Feel like I'm on top
The most spiritually significant
Pulled over by police I'm like
Seriously bro not this again

Shout out to Whitefish Montanan
I been in Laguna beach & had the nerve to get mo tanner

Let em hate that Shit don't matter
I get too much love
I just smoke weed
And microdose
But I don't do no drugs

I come from east side of cleveland
They sell crack & fetynal
You might wanna gentrify
But the homies not lettin ya'll

We used to play any bounce
Broomstick & a tennis ball
I came wit really good food some tequila
To Finish y'all

My childhood was better than yours though you had more than us
The things I learned prepared me
For the world but Now I'm slow to trust

But I'm fast to laugh
Somebody just did me wrong
What's the aftermath

I think I'm a perfect candidate

For psilocybin
I've been micro dosing now
I'm really Vibing

I put 1 foot in that water now I'm really diving
I roll up while my car is driving
And it's really driving

Floating thru life
I'm really good
Floating thru
I'm feeling good

I think I'm a perfect candidate
For psilocybin
I've been micro dosing now
I'm really Vibing

I met her at this festival
Right next to the food trucks
She told me not to get the food she got
Cause the food sucks

I said let's get out of here
Shit's almost over anyway
She asked me if I like to trip
And I said what you say

She opened her Gucci purse
Pulled some shit out
And gave it to me
She said they were albino envy's
And I didn't need too many
I ate em up

We ran off
We on a boat feelin wavy
My vision lookin like Kaleidoscope
And kinda hazy

The girls is havin
Deep conversations while dey naked
And I'm staring off at anything
Wondering how they make it

I need all caps
I'm coolin I am relaxed
I'm feeling free
I'm feelin like I'm no longer attached

Colors poppin
Shit is swirling
I'm Floatin
I'm all knowing
I'm moving no longer hoping

I'm certain
Got Haters hurtin
Women lurkin
I'm flirtin
